

“I just — I couldn’t do it anymore.”

We often hear these sincere words from those we serve at New Hope Ministries. When people hit rock bottom and have nowhere else to go. Just before Christmas, New Hope announced our second round of emergency response funds for people struggling because of the impact of COVID-19. FOX 43 News visited New Hope to tell our story, and had the opportunity to talk with Tracy, a mom that we have been helping through the pandemic. Tracy relayed her story and said she is a mother of three teenage sons and was going through a rough patch after her father and sister had recently died. On top of that, she lost her job at a long-term care facility due to the pandemic. As a single mom, she found herself unable to financially support her family. “I just—I couldn’t do it anymore,” she said.

Tracy found New Hope Ministries and we helped her with expenses, food for her family and a new job at Giant, which she is enjoying! **Thank you** for making a difference in the lives of the people we serve at New Hope!!
